

GOD HAS DONE MIGHTY THINGS YET AGAIN!

LWCI Ministry Report

July 2016

IN THIS ISSUE

WINNING VILLAGERS

God in His Grace has enabled us to carry the Gospel of Christ to remote villages, mostly in southern parts of India.

The picture above is a village Church building where about 50 people regularly meet on Sundays for worship. All members including Pastor Ramachandra is from non-Christian background.

BURNT MOTORBIKES

The picture above is a gory scene of two motorbikes belong to our Pastor Judah being burnt on the intervening night of 19-20 June 2016. Pastor himself comes from a non-Christian background.

A man belonging to a fanatical religious group, in his religious fervor, burnt these bikes. Now he is in the police custody facing judicial enquiry.

We are praying for this man and hopeful that this man might be touched by the Love of Christ and be brought to God's Kingdom.

NEW MOTORBIKE

The picture above is the New Motorbike of Pastor Judah bought few days ago. We could help him purchase this Bike to continue with the Work of God.

WATER BAPTISM IN A VILLAGE POND

The pictures above and below show the baptism of people coming from non-Christian background under the leadership of Pastor Yarraiah who himself comes from a non-Christian background.

Pastor is a Village Farmer by profession, studied very little in a village school, was a staunch devotee of his former religion. Christ has changed his life as he placed his saving faith upon Him. Today he is winning many lives to Christ.

VBS IN MAY 2016

Children from non-Christian background showed great zeal and eagerness to attend all classes. A total of 1058 children in 13 villages were reached by our Pastor Judah within a span of four weeks in May this year.

What was amazing about these classes was that the non-Christian parents themselves were willing to send their wards to these classes and some of them even attended such classes!

- Please, pray for these children and their parents.
- Please, pray for our follow-up work and the Pastor.

NEW LIVES IN NEW DELHI

WMashabani Esther is a Tanzanian from Muslim background! Since last September she started attending our Church in New Delhi. She gave her heart to the Lord during one of our Church Services. Now she wants to take water baptism. She has already declared that she wants to assume the name "Esther"!

Jayanthi who comes from a non-Christian background is being baptized. She is a postgraduate with MSc. (Chemistry) degree. She is attending the Church along with her husband and son.
